EV Charging Points

A **CLS finance lease** is the perfect way to fund EV charging points for your business.

Install chargers for your fleet, staff or customers and spread the cost of units, groundworks and set up over fixed monthly payments, keeping cash free as more of your vehicles go electric.

Consider the benefits:

- Fixed monthly payments for the length of the agreement
- Online decisions within 24 hours in most cases
- Wall boxes, rapid chargers and installation
- Workplace, depot and customer car parks
- Pairs with our vehicle finance for electric fleets
- Finance available from £1,000 with no upper limit

Fleet operators, employers and car park owners choose CLS because we match each charging project to lenders on our panel of over 200 and keep you updated throughout.

We offer a wide range of finance solutions for your business.
