Finance Lease

A **CLS finance lease** puts the right equipment in your business now and spreads the cost.

Instead of paying for equipment in one go, you make fixed rentals over a term that usually runs from one to five years, so cash stays free for wages, stock and growth while the equipment earns its keep.

Consider the benefits:

- Fixed rentals that are easy to budget for
- Rentals can usually be set against profits
- Terms usually from one to five years
- Upgrade or continue renting at the end of the term
- Start ups considered, subject to status
- Finance available from £1,000 with no upper limit

Businesses in almost every sector choose a CLS finance lease because we match each deal to lenders on our panel of over 200 and explain every option in plain English before you sign.

We offer a wide range of finance solutions for your business.
