# LED Lighting

A **CLS finance lease** is the perfect way to fund an LED lighting upgrade.

Replace old fittings across warehouses, factories, offices and shops and spread the cost of fittings, controls and installation over fixed monthly payments rather than one upfront bill.

**Consider the benefits:**

- Fixed monthly payments for the length of the agreement
- Online decisions within 24 hours in most cases
- High bay, panel and car park fittings
- Sensors, controls and installation included
- Choose the electrical contractor you trust
- Finance available from £1,000 with no upper limit

Businesses choose CLS for LED upgrades because one account manager handles the finance from the contractor's quote to sign off, with lenders from our panel of over 200.

**We offer a wide range of finance solutions for your business.**
